Government of Kerala

Subject: Re: 2202-03-911-99 plan

We are informed that the 2202-03-911-99 plan has been approved by the Government. The plan is based on the recommendations of the task force on education. The main objectives of the plan are to improve the quality of education and to increase the enrollment rate at different levels. The plan includes various measures such as increasing the budget allocation for education, improving the infrastructure of schools, and providing training to teachers.

This is to inform you that the plan is now under implementation. You are requested to take necessary actions to ensure that the plan is implemented smoothly.

Yours sincerely,
